Ready.... Steady...

### 1.This lecture met the program objectives

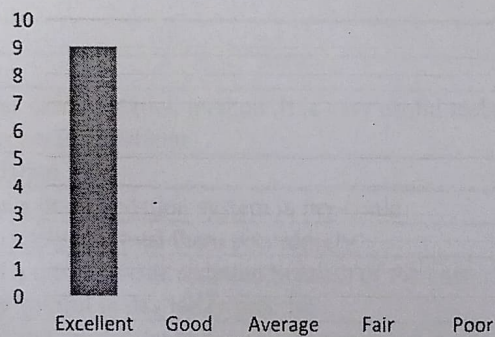

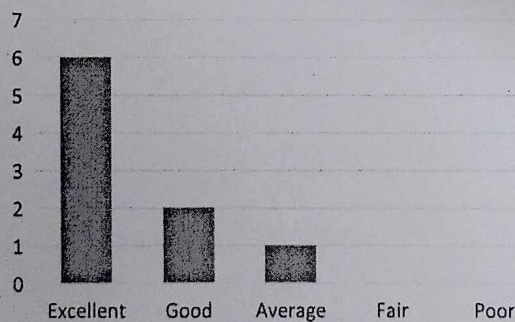

2. Expertise of the Speaker

3. The Content of the Presentation was relevant and easy to understand

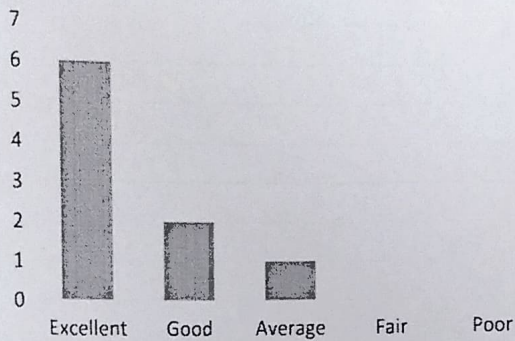

4. Practical Implication of the topic presented

### 5. Over all impression of the program

### 6. The material presented will be incorporated in my practice/academics in following way

Patient handling

Will try and tell

I will be using Nitrous oxide sedation method .It is very useful technique in management of uncooperative patients

Awareness about sedation

Sure i will get a nitrous oxide sedation system in my clinic

Refer patient appropriately and treat them accordingly

quite difficult to start a nitrous oxide sedation because of the cost ...but simple intra nasal sedation is very helpful in day today practise

It greatly helps the pt and the dentist and it will incorporated in my practise soon

### 6. The material presented will be incorporated in my practice/academics in following way

Patient handling

Will try and tell

Very useful in management of parents and children during dental procedures.

Awareness about child management

Am going to apply the tips and management of pedo patient in a right way from tomorrow

Treating patient accordingly based on the experience gained

yes can be easily incorporated in the practise

Sure

### 7.Suggestion for improvement of program

Nil

Excellent program .it will be very useful for students if the ppt of these lectures are shared

More programs should be conducted. District wise alumni contacts will be useful for our practice. Again the topic What after bds can be helpful for our future

More time and hands on

topics that can be easily incorporated in the day today practice to be discussed further

ur team is doing a good work
