GSCASH – Action plan for 2021-22

Gender sensitization against Sexual harassment is a prerequisite in campuses for peaceful and respectful living. Sexual harassment can happen at work places, institutions, in the family or on the streets. It is the responsibility of all educational institutions to undertake the necessary steps to resolve the issue. SRDCH has a competent committee for the same.

The aim of GSCASH, SRDCH is

- a) To address gender issues by following the guidelines on the prevention and deterrence of sexual harassment in the workplace laid down by the Supreme Court of India in its 13 August 1997 judgment - Vishaka guidelines.
- b) To provide a place of work and study free of sexual harassment, intimidation or exploitation.

To enforce the same, the following actions are planned for the year 2021-22

- Gender Sensitization for the I BDS students as a part of their Orientation program
- To conduct Awareness programs on various issues like gender equality & sexual harassment for students and faculty members.
- To sensitize the students and Faculty members about raising a complaint in case of harassment and the redressal mechanism in place in SRDCH.
