Feedback of Stakeholders (2021-22) & action recommended report – 2022-23

Analysis of the feedback on curriculum and syllabus collected from the stakeholders – alumni, students, faculty & professionals was done. Based on the suggestions given in the feedback and **on the inputs from audits conducted**, the following action plan was recommended to be implemented in the academic year 2022-23.

Faculty feedback and action recommended

Sl.no.	Suggestions from feedback	Action recommended
1.	Advanced treatments like Implants, FPD Digital Dentistry	Undergraduate level implant program should be initiated by the implant dentistry department. To define objectives, training methodologies and outcome.
2.	Refresher course for NEET for CRIs	Students interested to be enrolled and every day 8:00 – 9:00 classes for the same can be conducted with monthly once evaluation tests.
3.	Practical training to handle medical emergencies encountered in dental practice.	OMFS department to initiate and document the ICU and ER postings and conduct evaluation programs through OSCE / simulation
4.	Comprehensive approach for diagnosis and treatment planning to instill critical thinking,	Integration to start from first year and intensify the program from third year through simulative and evaluative methodologies
5.	Vertical integration to be encouraged	Posting from first year can be introduced with the subjects. Example: Anatomy department can take the students to the surgical ward to teach anatomical changes in disease.
6.	Small group teaching to be done	To introduce small group theory classes and introduce discussion patten (self learning)

Handwritten signature

7.	Departments to define objectives for value added and curriculum enrichment programs and measure the skill & knowledge outcome of the program	Undergraduate and postgraduate programs need to be defined as per clinical needs to practice. Pre and post assessment to be done.
----	--	---

Student feedback and action recommended

Sl.no.	Suggestions from feedback	Action recommended
1	Teaching material provided in the E-learning portal to be improved	Faculties to prepare e- contents and upload in LMS software/ Website for access to students.

Alumni feedback and action recommended

Sl.no.	Suggestions from feedback	Action recommended
1.	Alumni should be given more opportunity to participate in CDE/ Workshops conducted by the institution	Alumni to be utilized in their expert domain to share their knowledge and skills
2.	Evaluation methods adopted in college/University not satisfactory	Every day work/ procedure evaluation to be done and cumulative marks can be considered for part of internals as DCI/university regulations on evaluation cannot be overruled in affiliated institutions.

Professional feedback and action recommended

Sl.no.	Suggestions from feedback	Action recommended
1.	The examination pattern needs to be changed . MCQ'S to be Included in theory paper. Also detailed examination patterns following OSCE and OSPE norms should be included.	Recommendations cannot be made as the university adheres to the DCI regulations.
2	Curriculum changes are the need of the hour. Assessment during their posting rather than 2/3 hour of university exams is ideal.	Every day work/ procedure evaluation to be done and cumulative marks can be considered for part of internals as DCI/university regulations on evaluation cannot be overruled in affiliated institutions.

Ummu
